*Calculated from compulsory and optional modules (where applicable) each year . Socialise and volunteer. Attend guest lectures, field trips, live projects and social events with like-minded students in our Architecture Society and Engineers without Borders. Become a student rep and sit on a range of committees at University and school level, where you can influence decisions that affect your ...

Architecture and Environmental Engineering - BEng(Hons ...

Phosphorus flame retardants (PFRs), which have already been used for over 150 years (Andrae, 2007), are considered as suitable alternatives for BFRs. Because of the need for vapor-phase activity, a number of volatile PFRs, tributyl phosphate (TBP), triphenyl phosphate (TPhP), and triphenylphosphine oxide (TPPO), have been identified as possible substitutes for bromine-containing formulations ...
