From the bestselling author of Thinking, Fast and Slow and the co-author of Nudge, a groundbreaking exploration of why most people make bad judgments, and how to control for that noise. Imagine that two doctors in the same city give different diagnoses to identical patients — or that two judges in the same courthouse give different sentences to people who have committed t

Noise: A Flaw in Human Judgment by Daniel Kahneman

The human brain is an incredibly flexible machine. Several hundred years ago, this kind of constant noise would have been unthinkable. Now you and I, today's reasonable people, have created an amazing compromise. Some noises are tolerable and some are not. Noise in some places at some times is okay and not in others—definitely not at home.
