The Federal Reserve System (also known as the Federal Reserve or simply the Fed) is the central banking system of the United States of America. It was created on December 23, 1913, with the enactment of the Federal Reserve Act, after a series of financial panics (particularly the panic of 1907) led to the desire for central control of the monetary system in order to alleviate financial crises.

Federal Reserve - Wikipedia

Even when tapering does start, some say the Fed is unlikely to generate a "taper tantrum" similar to 2013 when Fed chief Ben Bernanke told lawmakers the central bank could slow its pace of asset ...
