Manual of Childhood Infections - The blue book, 4th ...

The most common bacterial infections among children are skin infections (including impetigo), ear infections, and throat infections (strep throat). These and many other less common bacterial disorders are treated similarly in adults and children and are discussed elsewhere.

Overview of Bacterial Infections in Children - Children's ...

Ear Infections. Ear infections are very common in children and are caused by a dysfunction of the Eustachian tubes, the tubes that connect the inner ears to the throat and serve as a drain for any fluid that may collect there. When fluid collects, it attracts bacteria and other germs, which may multiply and cause a symptomatic infection. Symptoms include fever, ear pain, tugging on the ear, or ...
