Nursing Home Care The Unfinished Agenda An Information Paper

Cost of Nursing Homes vs In-Home Care. The cost of nursing home care and in-home care will vary depending upon a number of factors: location, amount of care needed, and the level of care that is required. The average cost of care has a vast range between each state, with higher costs being in regions where the cost of living is higher.

Nursing Homes vs Home Care | Whats the Difference & How to ...

Unable to be cared for at home by family or paid domestic worker, and tried all other care options such as using day care, home medical, home nursing services, etc; The basic cost varies between \$2,000 and \$3,600 a month to stay in a nursing home (before MOH subsidy), depending on the level of care required.

HOME SETTING

There are advantages and disadvantages of both home care (living at home or with a family member) and living in a nursing home or other care facility. One of the biggest considerations is the health situation of your loved one. If they require 24/7 medical care from a doctor or nurse, living at home is more challenging.

In Home Care Vs. Nursing Homes- The Pros and Cons

Nursing home residents, mostly frail and near the end of their lives, are housed in a health care sector whose condition has been deemed in crisis by both the popular media and the federal government (Health Care Financing Administration [HCFA], 2000a, 2000b). Although the percentage of aged Americans residing in nursing homes has declined slightly in recent years, rapid aging of the population ...
