### **Resilience : NPR**

Resilience: Why Things Bounce Back. Anyone who attempts to popularize new research and emerging science runs a significant risk. That some reviewer will take you to task for oversimplifying, misinterpreting, or misleading isn't really a risk—it is a certainty. The risk is that in attempting to make the complex understandable, popularizers stray too far, simplify too much, and misrepresent the research and its implications—as well as mislead readers.
