Summary: APA (American Psychological Association) style is most commonly used to cite sources within the social sciences. This resource, revised according to the 6th edition, second printing of the APA manual, offers examples for the general format of APA research papers, in-text citations, endnotes/footnotes, and the reference page. For more information, please consult the Publication Manual ...

### APA Changes 6th Edition // Purdue Writing Lab

Ships that are explicitly designed to travel through the Panama Canal are termed as Panamax. After the expansion of the Panama Canal through the creation of a new lock, a newer kind of ship has come into being called the New Panamax. The classification is based on the dimensions of the ship that would guarantee its smooth sailing through the Panama Canal.
