Philosophy (from Greek: φιλοσοφία, philosophia, 'love of wisdom') is the study of general and fundamental questions, such as those about reason, existence, knowledge, values, mind, and language. Such questions are often posed as problems to be studied or resolved. The term was probably coined by Pythagoras (c. 570 - c. 495 BCE). Philosophical methods include

The future just as future lacks urgency and body. To get ready for something, one knows not what nor why, is to throw away the leverage that exists, and to seek for motive power in a vague chance. Under such circumstances, there is, in the second place, a premium put on shilly-shallying and procrastination.

Democracy and Education, by John Dewey

Ultimate Marvel, later known as Ultimate Comics, was an imprint of comic books published by Marvel Comics, featuring re-

Printed video game instruction manuals are mostly a thing of the past. Which is a shame, because they were often a source of confusion and amusement in the way they mistranslated things or just contained bizarre details. Some of the gaming facts these booklets contained weren't that important, but a lot of them were just plain weird. From giving you too many details about characters' lives to ...
