the Nikon D90, but this alone won't get great pictures. To get great photos you still need to get yourself to the right place at the right time and point the camera in the right direction, which is a lot harder than mastering the D90. Right out of the box at default settings the D90 does a great job, but you need

Picture Controls are how you set your D90 to give you the pictures you want right out of your camera. Learn these, and you'll never have to waste your day screwing with raw files. When reset, the D90 resets each Picture Control, including saved Picture Controls, back to its own default. If you regularly change any part of any Picture Control, you'll want to save it that way as its own named preset.
