Against punishment. Indeed, Gilligan sees violence and crime as a medical problem, a national epidemic, not a matter of inflicting more harm as punishment. Understanding its causes says Gilligan has nothing to do with dismissing the harm done to victims - but without understanding there is no hope of putting an end to it.

Policy changes and a study on the causes of violence are thus imperative to ending the vice. To end violence, it is vital to formulate techniques that aim to understand the behavior and not punish the crime, as stated by Gilligan. Work Cited. Gilligan, James.
